

REMARKS

The specification has been added to include a reference to the related PCT application serial no. PCT/DK2006/000195 filed on April 6, 2006, which claims priority to Denmark patent applications: serial no. PA 2005 00483 filed on April 6, 2005, serial no. PA 2005 005423 filed on April 14, 2005, and serial no. PA 2005 00817 filed on June 3, 2005. Also, the specification was amended to include the headings of “DESCRIPTION OF DRAWINGS” and “DETAILED DESCRIPTION OF ILLUSTRATIVE EMBODIMENTS” in selected locations. Furthermore, the specification was amended to correct a typographical error in the reference to the incorporated PCT Publication No. WO 2004/056412 (e.g., the digits “56” were juxtapose in the originally filed specification to erroneously read “65” and thereby reference a PCT Publication that did not describe “a wearable disposable dispensing device” as purported in the original specification). With this correction of the typographical error, the specification now properly refers to two PCT Publications (nos. WO 2004/041330 and WO 2004/056412) that both name the same applicant (M2 Medical) and that both describe a dispensing device for medicine (as indicated in the original specification of this patent application). No new matter has been added by the amendments to the specification.

The abstract has been added. Written description support for the abstract is found through the original specification, for example, at pages 1-2. No new matter has been added by the newly added abstract.

Claims 1-8 have been canceled without prejudice, and Applicant hereby reserves the opportunity to pursue these claims or claims of a broader or different scope in a continuation application.

New claims 9-43, including independent claims 9, 23, 35 and 41, have been added. Written description support for these amendments is found throughout the original specification, for example, at page 1, lines 3-11; at page 2, lines 1-3 and 8-27; at page 4, lines 1-18; at page 6, line 6 to page 8, line 32; at page 9, lines 4-6; and at FIGS. 1 and 10-17b. No new matter has been added by these amendments.
